POLICE SERVICES

OBJECTIVES

- Retain Mayor and Commission's adoption of the International Association of Chiefs of Police/Police Executive Research Forum's recommended staffing model for metropolitan statistical areas' core counties/cities and fund 20% of the actual staffing deficit in FY07.
- Retain Mayor and Commission's adoption of the Association of Public Safety Communications Officials' recommended workload measurement model and fund 50% of the identified staffing deficit in FY07.
- Attain a commitment from the elected and appointed officers to complete and implement the results of a task analysis/job market survey for public safety positions.
- Attain a commitment from the elected and appointed officials to maintain police personnel compensation and benefits within 7% of the true market rate, particularly applicable to entry level.
- Continue the maturing of the Problem Based Learning field training officers program, which supports the Mission, Goals, Objectives of the ACCPD and the Unified Government.
- Ensure appropriate oversight of the East and West Substations is maintained and documented.
- Continue the emphasis on developing an integrated justice mobile field reporting system. This system would properly support and enhance crime analysis, personnel allocation, the Assigned Vehicle Program, the Early Personnel Warning System, Anti-Bias Based Policing Procedures, and other data driven systems required to lead a nationally accredited, medium sized police department.
- Implement the optimal schedule and geographical placement of all personnel and resources to respond appropriately to all citizen concerns given personnel allocation constraints.
- Ensure that all assigned personnel are utilizing varied tools to problem solve "repeat call" incidents beyond the "arrest solution."
- Ensure the Criminal Investigation Division (CID) continues to maintain and support a "targeting" system aimed at repeat offenders, who as a class commit five to eight additional crimes after warrants have been issue for their arrest. CID is to aim its efforts along the lines of the Safe Neighborhood federal initiative in an attempt to arrest at a minimum the 240 most violent felons as well as habitual property criminals and/or illegal drug suppliers impacting ACC.
- Continue during FY07 the assignment of a police sergeant to specifically coordinate the ACC Safe Neighborhood Initiative and report directly to a Command Officer for this purpose.
- Continue to support downtown ACC by increasing the personnel allocation by one additional officer and providing Sunday beat coverage during the evening hours.
